

August 1, 2010

Dear New Third Grader,

In a little while we will be starting our year together in third grade. I want to welcome you to third grade and to tell you about some of the supplies you will want to have to help you get off to a good start.

Pencils

Crayons

Highlighter

Markers

2 folders (one for homework)

Scissors

Glue stick

A “just right” book to read during Independent Reading time

A box of tissues to share with the class

A package of lined notebook paper to share with the class

There isn't a lot of room in your desk so you will find that there is only room for a small size pencil box if you choose to use one.

During our step-up day in June I gave you a student written newsletter that will tell you some of the important things. I will write a newsletter every Friday to let you and your parents know what is happening in our classroom.

Enjoy your last weeks of vacation and I look forward to seeing you when we start school at the end of August.

Your teacher,

Mr. Ward
